1922 Tax Rate

The Court of Revision for the assessment was held by the town council on Friday last. There were a few appeals made and the Court adjourned for consideration until Monday night.

The Council met on Monday night. Mayor Chambers, W. A. Austin, Sec. Treas., E. E. Freeman, Solicitor, Councillors Arlensdon, Crosland, Dick and Wrigglesworth were present.

The most important business transacted was the settlement of appeals and settling the tax rate for the year.

The tax rate this year will be 160 mills against 125 mills last year. The taxes this year are made up as follows: General 30 mills; Debt 10 mills; Schools 53 mills; Supplemental revenue 2 mills.

The business tax rate is still 10 per cent, and the rate for the rural section of the School District is still 8 mills.

8 per cent. discount will be allowed on all taxes paid on or before September 15th, 1922.

6 per cent. discount on or before October 15th.

4 per cent. discount on or before November 15th. These discounts do not apply on Supplementary Revenue tax.

Good Rains Cover Whole District

This district received a real drenching rain on Sunday night last and with what we had a few days before has changed the outlook considerably through the district.

Wheat of course will not benefit much as the rains came too late and the extremely hot dry weather existing for some weeks caused the grain to come on quicker than it should have done. Late sown oats and the green feed will now be safe and should fill a load of worry off the farmers mind as to the feed situation, especially if we should have a late fall.

Yes, everything comes to him who waits, but it's a dickens of a worry while you waiting. But cheer up! things could be far worse than they are and also this district has never fallen down yet taking it all round.

Taxation Now Imposed Covers all Business Transactions

New taxes were imposed by the last session of the Dominion parliament and commencing August 1st all cheques, overdrafts, bills, milk and cream tickets, grain tickets, etc., must bear stamps to cover the tax before payment is made.

The tax is 2c for every \$50 or fraction thereof up to \$5,000. The tax is limited to a maximum of \$2 on amounts over the \$5,000.

The banks are the authorized collectors of the new tax and no doubt they will have their own troubles until it becomes generally known that it is a government measure and must be enforced by them.

Any paper above mentioned is not legal until it bears the stamps required and the banks cannot accept them without.

Difficulty in Securing Chairman Wheat Board

There seems to be a great deal of difficulty in securing the services of Messrs Stewart and Riddell to act as chairman and Vice-Chairman of the new wheat board. In fact both gentlemen have definitely refused to act although pressure is being brought to bear on them to reconsider. It seems that they do not wish to accept the responsibility of the board because they feel that unless it possessed all the scope and authority of the old board the grain growers would not be satisfied.

However, Premiers Greenfield and Dunning are doing their level best to get Messrs Stewart and Riddell to reconsider as they feel that these gentlemen have the complete confidence of the public.

In case the two still persist in their refusal to accept office it is stated that Mr. H. W. Wood, President of the U. F. and of the Canadian Council of Agriculture, will be offered the position of chairman with Hon. T. A. Crevier as second choice.

Under the joint federal and provincial acts the wheat board can number ten men including the chairman and vice-chairman.

completed for the play-off. The Edmonton Wesley church team, winners of Edmonton section, will play Carstairs at that town on Friday night, August 12th, and Carstairs will journey to Edmonton on Wednesday, August 16th.

L. L. Hartman Trophy

The agreement regarding the trophy donated by Mr. L. L. Hartman of Olds to the Rosebud Baseball League to promote amateur baseball in this section of Alberta has been received.

The trophy which is a beautiful silver cup is engraved with the donor's name and is called the "Hartman Baseball Trophy." It is to be competed for annually by teams from towns on the C. P. R. between Medicine Hat and Lethbridge, inclusive, every year and includes prior intermediate or senior teams.

Reasons Why You Should Pay Up Back Taxes

To the Editor of the Pioneer.

Dear Mr. Editor: I am a taxpayer, and therefore vitally interested in Town affairs. I understand that the arrears of Taxes at the present time are quite an item. I wonder if these people who do not pay their taxes, quite realize what their failure to pay means to themselves and their fellow citizens. The rate last year was a very high one and I understand one of the chief reasons for this is that there was a big accumulation of arrears of taxes.

I give hereunder a few reasons why arrears of taxes should be paid. The Town's credit with the debenture holders, the bank, and other creditors must be maintained. The indebtedness has been incurred and must be met.

Each one of us as property holders are integral parts of the Town and the Town's credit is our credit.

The maintenance of the Town's credit means progress of the Town and the gradual improvement and maintenance of property, as well as a better rate, both of which will lighten taxation very considerably.

Arrears of taxes bear interest at 10 per cent per annum, therefore why not pay up and escape this?

I understand the indebtedness of the Town to the bank is at present \$12,000 and the annual interest on this amounts to \$960. Why not everyone bear their share of this. If all tax arrears were paid up there would be a substantial balance to the credit of the Town, and very little interest to pay, and the taxation would be lightened accordingly.

The Town debt is our debt, and we should have respect enough for ourselves and our credit to want to pay it and not shift the burden on to the shoulders of someone else.

I have spoken to several people in this town who kick against the high taxation. I find that some of them have not paid their taxes. Have they any reason to kick?

I quite realize that at the present time there are many reasons for high taxation, not only in the municipalities but in the province and dominion. However, as I have said before, if those people who have not paid their taxes would make a special effort to do so, the situation would be bettered for themselves and their fellow taxpayers.

Thanking you Mr. Editor for encroaching on your space to this extent.

I am,
Yours truly,
"Taxpayer."

Spend Fifty Millions On Canada's Highways In Five Year Period

Ottawa.—Fifty-million dollars will have been spent on improving Canada's highways when the five-year period terminates in the fall of 1932, according to reports received by A. W. Campbell, Dominion Commissioner of Highways. Of this total twenty millions will have been appropriated by the Dominion Government and the remainder by the different provinces. Of the total sum there is yet \$50,000 to be taken up by the provinces.

Agreements have already been entered into by the province of Ontario calling for an expenditure of \$12,500,000 by the end of 1932, of which sum five million is the federal share.

The New Brunswick Government have now all of their appropriation of three million under agreement, the Dominion Government contributing \$2,000,000. The Dominion Government have now \$25 million of highways in the program for improvement. Alberta, the last province to take part in the national highway scheme, has just filed for approval plans for roads improvement under the Highway Act. All the provinces are now working under the general regulations provided by the act, and the work throughout these provinces is now being carried out in accordance with the uniform standard regulations.

Royal Family May Return to Bavaria

Socialist Pretext Against Removal of

Berlin.—The Bavarian Government issued a decree intended to replace so far as Bavaria is concerned, the legislation recently passed by the Reichstag for the defence of the republic. The decree omits the clauses in the Reichstag enactment relating to the establishment of a special tribunal, the competence of the German minister of the interior to prohibit meetings and suppress associations, and the competence of the central government to requisition members of the Reichstag. The decree is also intended to allow non-Bavarian police to take independent official action in Bavaria.

The Reichstag, session of the Bavarian Reichstag has issued a joint letter declaring every attempt to contravene the Reichstag legislation for the defence of the republic is an attack upon the political unity of the nation, while the Bavarian Reichstag upon special rights in this connection has issued a law in Northern Bavaria, as well as in Berlin.

Australia Will Find Work for Unemployed

Government Offers to Spend \$10,000,000 Unifying Railway

London.—Frederic W. M. Hughes, of the Australian Commonwealth, as residing to a further dispatch from Melbourne, in reply to a deputation of unemployed men, said that the Commonwealth Government was ready to spend \$2,000,000 on the unification of the railway works in Australia and this will give work to large numbers of unemployed men. He said that the Commonwealth Government was ready to spend \$2,000,000 on the unification of the railway works in Australia and this will give work to large numbers of unemployed men.

Alberta Legislature Considers Wheat Board Bill

Must Be Satisfied With Personnel of the New Board

Edmonton.—Disposing of the emergency debate on the speech from the throne, the committee approved of a resolution to accept and express approval of this House's approval of the Wheat Board Bill, introduced and seconded by A. B. Chaplin, Didsbury and G. N. Johnstone, Carleton Place. The committee also directed the Wheat Board Bill, the rules being voted to enable Hon. J. E. Brownlee, Attorney-General, to propose the second reading of the measure and give an explanation of the bill.

Before the debate was adjourned by Hon. J. E. Brownlee, leader of the Liberals, he drew from Hon. Mr. Brownlee the admission that while the Legislature will be asked to enact enabling legislation for the Dominion Wheat Board, the Government will retain discretionary power as to whether or not the credit of the province shall be pledged to the undertaking, it being conceded that the Government must be satisfied with the personnel of the board named by the Government at Ottawa, or the board will not be supported by the province.

Mr. Boyle also asked Premier Greenfield to give the House further details of the probable cost of finance for the wheat board project, declining to provide with the debate until such details had been furnished. The Premier read to the House a telegram which he had received from James Stewart, Winnipeg, and concerned in P. W. Hobbie, Regina, to the effect that the operations of the board might involve the credit of the province anywhere from \$3,000,000 to \$15,000,000. This would, of course, be taken care of by a line of credit established at the bank under guarantee. Mr. Stewart's opinion was that under conservative operation, and following the credit of the wheat board of 1912, a line of credit of from \$3,000,000 to \$5,000,000 would suffice.

HOARSENESS RUBBED AWAY QUICKLY BY NERVILINE

Changeable weather causes congestion and sore throat. The blood must be drawn from the inflamed part, and this is speedily done by applying Nerviline. The beauty of Nerviline is that it penetrates quickly. It is not only and every drop sticks right in. It draws out the inflammation, eases the pain, makes the chest and throat wet quickly. For relieving rough, cold, hoarseness, Nerviline is the proper remedy. Thousands say so. Large size bottles sold everywhere.

Actual Removal Of The Cattle Embargo Only Matter Of Time

Deny Reports Of Syrian Revolt

Officials Say News of Rioting Was Greatly Exaggerated

Paris.—Reports received from Cairo by way of London that an attack on French troops in Syria and serious rioting followed news of the confirmation of the French mandate for Syria are greatly exaggerated. It was declared in official circles here. Reports that the rioting bordered on a revolt were denied.

Cairo.—The Syrian committee here announces that when news that the League of Nations Council had confirmed the French Syrian mandate was received in that country a band of Syrians attacked French troops at Saurin, killing two officers and 17 men, destroyed two tanks and captured a number of prisoners and a quantity of war material. The French are reported to have been forced to retreat until reinforcements were landed from Damascus.

The Syrians also are reported to have brought down a French airplane at Esch and to have attacked a French outpost at Hama, killing 15 Frenchmen. The committee alleges that disorder has broken out in the whole of Syria.

Extend Rural Phones

Providing for Further Phone Construction in Rural Alberta Sections

Edmonton.—Contracts for 1,000 miles rural telephone line construction have been awarded by the provincial telephone department, comprising the second instalment of the Government's programme for the 1922 season. The mileage represented in these contracts, six in number, is spread over all parts of Central and Southern Alberta, and the total expenditure involved will be about \$125,000.

It is expected that the 1,000 miles of new lines will almost entirely complete the work to be done this year in the way of rural telephone construction. Some 1,400 miles of similar construction had already been done on previous schemes, for which contracts were given in the early part of the season as the cost of which was about \$150,000.

Morden Team Wins

Awards Given in Boys' Livestock Judging Competition

Brandon.—The boys' livestock judging competition of the provincial exhibition varying with it the James McCurdy Memorial Cup has been won by the Morden, Man., district boys' team, with a score of 1,666 points. Elgin was second, two and a half points behind the leaders. Eleven teams competed in the competition, which comprises the judging of heavy horse, beef and dairy cattle, sheep and swine. Each team was allowed twenty minutes to complete the awards.

Germans Land Cargo at Australia

London.—Although the official embargo against importing foodstuffs from Germany continues to Victoria, Australia, does not expire until August 1, the first consignment of German cargo to reach Australia since 1914 is now being landed. The Victoria Government gave official notification on June 3, that the ban on importations would be lifted on the first of August.

Protest of Veterans

Regina, Sask.—Protest of Saskatchewan veterans over the failure of the federal authorities to appoint a western representative on the commission to investigate the pension changes made by the Great War Veterans' Association were forwarded to Gen. McNamee, Dominion G.W.V.A. Secretary, by the provincial body here.

London.—The debate in the House of Lords indicates that the peers are inclined to regard the actual removal of the embargo against Canadian cattle as only a matter of time, and some strong advocates of the embargo manifested a disposition to accept the situation.

Proceedings were a continuance of the debate started on July 12, when Lord Chaplin presented a resolution urging the maintenance of the embargo and Lord Lansdowne moved a resolution demanding the fulfilment of the pledge of 1917 that the embargo would be removed. The weight of the speech of July 12 was decidedly against any change of policy, but sentiment, it was shown, on the issue, has undergone a remarkable change in the meantime.

After a considerable array of prominent peers had addressed the House, the Lord Lansdowne amendment, involving unconditional removal of the embargo was voted down by 51 to 33, but the House adopted the Lord Long amendment as a substantive resolution, accepting the conclusions of the Enquiry Royal Commission. That Canadian herds were free from the plague of pleuro pneumonia and foot and mouth disease, and expressing the opinion that steers from the Dominions might be admitted as store cattle subject to quarantine precautions.

Lord Amster, who represents the Board of Agriculture in the upper chamber, made it quite plain that he anticipated legislation lifting the embargo and that he was only anxious that their removal of the embargo should be accompanied by certain safeguards.

"I recognize," said Lord Amster, "that the tide is against us, and that we have to expect legislation later. I can only hope that if there is a reversal of our present policy the effect may not be as serious as some suppose."

Report of Progressive-Liberal Fusion

Much Doubt Is Expressed As To Its Probability

Ottawa.—Statements published in Quebec that 52 Progressives, members of parliament, had announced their willingness to join the Liberal party, are received here with reserve. It is generally understood that there were some kind of pourparlers between some Progressives and some Liberals looking to closer co-operation, but it has been stated positively that there was no agreement reached of any binding character. It is regarded, as well established, there was no offer of "unconditional union" with the Liberal party.

Winnipeg.—"The weather must be pretty hot down there. The whole thing is a dream," said Hon. A. R. Hudson, K.C., member for South Winnipeg, interviewed here in connection with the report that he had been instrumental in converting 52 Progressive members in the federal house, to the Liberal party, and that he would enter the cabinet.

≡ Didsbury's Twentieth Exhibition ≡

Thursday and Friday, August 17th & 18th, 1922

The DIDSBURY EXHIBITION for twenty years has been a stimulant to the Agricultural Industry in this district. It has been a keen incentive towards the breeding of better livestock, poultry and all agricultural products. The competition it has created among the Didsbury farmers is largely responsible for the high class of livestock, and advanced methods of farming to be seen in this district today. The good it has done is reflected on every hand in the community.

The DIDSBURY EXHIBITION has been constantly improved from year to year. Everything of doubtful value to the interest of the Fair have been carefully weeded out and new features added from time to time to increase its value as an Educational Institution. It is entirely devoted to the interests of LIVE STOCK, FARM and HOME PRODUCTS, and CLEAN AMUSEMENT. All side issues have been eliminated.

The hard times of 1922 are a demand for more intensified methods and increased effort in every line of endeavor.

Come to the Didsbury Exhibition and take home with you the experience of others in your particular line of work.

Bring out the best you have and show the world what you are doing.

Messrs. Allen, Arneson and O. Erickson have left on a camping and fishing trip. We wish them a good time and a fine catch.

Mr. Gamble had the opportunity of attending the camp meeting over the week end. He enjoyed it very much.

We have heard it said that when women talk in numbers they say nothing. What about the road meeting Saturday night? It was a joke and there are as many stumps in the road now as there were then. But we certainly are looking for an improvement and that very soon. Mr. Olson can not hit all the stumps himself. Oh well, it takes a real good driver to do that.

The school meeting of Wednesday evening was a terrible success. Nearly all the ratepayers were present which shows there is good interest in the school. The school marm even says he can not kick and he's from Didsbury.

A couple of the young people went up to the old mill to pick berries. One returned without any, the other had a red in his tooth. If it had rained we might have had a few raspberries.

However there was a good crop of strawberries and we shouldn't object if we had a feed of them.

The staff on the experimental plots and demonstration farm at Olds during the summer months, are, in the main, graduates of the school, who are taking advance training in the University. These men, known locally as the "Aggie Bachelor Club," have decided to raise a scholarship fund of \$125.00 through the medium of dances and concerts, awarding the scholarship to a selected candidate in order that she may take advantage of the course offered by the Olds school of Agriculture.

In order to meet their fund, they are holding a concert and a dance on the night of Friday, August 11th, to which a cordial invitation is extended to the people of this town and surrounding districts.

The Vice-Regal Visit to Banff

- (1) Their Excellencies, Baron and Lady Byng, were interested spectators at the sports.
- (2) The squares helped fill the grandstand and closely watched their horses in the racing and other sports.
- (3) The arrival of the Stoney Indians at Banff to greet Their Excellencies, the Governor-General and Lady Byng, was a striking picture of old days.
- (4) The races were keenly contested and many exciting finishes added largely to the fun.

BANFF, nestling down among the mountains, ever beautiful, and always interesting, was more than ever so when Their Excellencies the Governor-General and Lady Byng spent a few days there recently, while on their way west over the C. P. R. to the Pacific Coast. It was natural that they should plan to stop over for a quiet rest at this most delightful of Canada's mountain resorts where the glories of the Rockies are seen at their best. The occasion of the Vice-Regal visit was made the more notable by the arrival in Banff of about 600 Stoney Indians, who came to greet Lord Byng, the Great White Chief, and to hold their annual pony races and other sports.

Their arrival in Banff was a dramatic affair. In all the glories of ceremonial paint and feathers, they rode silently down from the mountains in single file to the new stone bridge that crosses the Bow River, and there met the Governor, who reviewed them.

Later in the day exciting pony races were held, and archery and other feats of contests of skill and strength were held. Little stands of rough boards accommodated a crowd of on-lookers which included Lord and Lady Byng, a large number of tourists and

the Indian squares of varying ages from little girls to comely maidens and old women, who displayed the greatest interest in the progress of their braves. At the end of the day the prizes were distributed to the winners in the courtyard of Banff Springs Hotel, by Lady Byng, and some of the ladies of her party.

During the visit, Their Excellencies were delighted by the attractions of the district. Lord Byng went for an early morning gallop every day over the superb bridle trails that lead in all directions into the mountains. Wild Rocky Mountain sheep and goats, deer and even bears were frequently seen on these occasions, and all the many points of interest were visited.

Poisoning dogs is the order of the day, who is the guilty one? It is good advice to keep watch on your young turkeys as several have disappeared off their roosts lately.

Mr. and Mrs. C. R. Liesemer and family accompanied by Mrs. Geo. Hewitt made a flying visit to near Rocky Mountain House at Wm. Hoare's last week

end. Everything went fine, even the Henry Ford.

Mrs. Van Wyk has a field of oats ripe and ready to be cut, but we are not going to tell you how tall the grain stands or what yield per acre it will be. All jokes aside it is as good as any other crop around here.

The Gatenmeyer family were down at Okotoks berry picking. About 100 gallons was the amount picked, that beats growing white potatoes.

Did you see the old outfit going by here of an ox, a mule and a horse hitched to a wagon with mow wheels for the rear end. The driver was somewhat wrecked, too, he had only one arm, one leg, and by the way he drove I believe he only had one eye. But don't poke fun at the poor fellow, in these hard times one is liable to see lots of just

such stunts. He is plucky any way.

If you want cheap land come to Jutland, everybody wants to sell. Cheer up, neighbors, next year we will have lots of rain then we will show the world what our land can produce.

U. S. DOLLAR ALMOST AT PAR

The United States dollar has now nearly come down to par being quoted by the Banks in Calgary on Saturday at 1.16 per cent. in exchange for the Canadian dollar. This is the first time in nearly five years that the U. S. dollar has not brought a premium. At one time the premium paid in Canada on U. S. dollars was as high as 18 per cent.

WEDNESDAY, AUGUST 9th.

The merchants in town, and others besides the merchants, have for some time back been feeling rather pessimistic over present conditions with the result that there has been an over-due tightening up in all pursuits. Times are undoubtedly hard, but why, in a district where there has never been an absolute crop failure known and where grain growing is only half the livelihood, dairying, being of an much importance, should everyone tighten up unnecessarily. Why not push a little harder? If you have anything to buy or sell tell the people. By the people we mean everyone in your district, and there is only one possible way to reach them. There is a proverb "Faith cometh by hearing," therefore, the first thing to do is to get a hearing. To get a hearing the Apostle Paul resorted to the synagogue when in a Jewish community, and to the market place when among the Greeks. In a modern community, the place where men go to hear or tell some new thing is neither the synagogue nor the market place, but to the local newspaper. You, as much as they did will find it pays to advertise.

ROD AND GUN

The August issue of Rod and Gun in Canada, which is now on sale, contains a wealth of worthwhile reading, and it abounds in bright and interesting features. The camper or vacationist will find the big article "Some Suggestions Regarding Outfitting" worth a great deal, for it is written by an outdoors man, specially for the aid of holiday pleasure seekers whose trails lead through the wilds or the open spaces. "The Dandy of the Westmorland" is a big fishing yarn by Robert Page Lincoln. There is a splendid article by Bonnycastle Dale, while the absorbing serial "Men of the Hudson's Bay Company", is another feature. The various department are filled to the brim with material which the sports-

man will not want to miss. The trap department is an unusually generous one, containing a long breezy account of the Eastern Canada Champion traps at Kamitikon, which is replete with pictures of many of the "big guns." Rod and Gun is published monthly at Woodstock, Ontario, by W. J. Taylor, Limited.

MY CANADA

X
Winnipeg,

July 10, 19—

I am back in Winnipeg again, with Mrs. Arnold to mother me, Mr. Arnold to father me, and Mary to keep a constant watch over my manners and morals. The strong-minded and aggressively independent Elinor is rather glad to be here, much as she is reluctant to admit it.

Mrs. Elinor and Gypsy brought me in to the train yesterday afternoon. Gypsy, I know, was sorry to see me go, and I am tempted to believe that Mrs. Elinor was also. We called on Mrs. Hills for a few minutes. I could not leave Elinor without saying goodbye to her and Mr. Hartford.

The train was half an hour late, but that surprised no one. In fact, the "oddest inhabitant" assures me that in the winter the train becomes late each day, until at regular intervals it is on time because exactly twenty-four hours late.

I had scarcely settled myself when a man rose from the opposite end of the coach and came over to where I sat.

"You're Miss Eliot, ain't you?" he asked, raising his hat awkwardly. My name is Brown, Jerry Brown of Brownsville, Saskatchewan. I used to live hereabout and I've just been home to see Mother. I was at the picnic on Friday, and I seen you with the Fishers and the Livingstones, but never got close enough to get an introduction to you, so I hope you will excuse me speaking now. You Elinor, I bet, ladies ain't much traveling alone. I guess, and there's some tough characters goes back and forth on this line."

By this time Jerry Brown of Brownsville was so hot and embarrassed that his collar was willing to fly. I thanked him for his kindly courtesy—not in those words, of course—and after talking over my bag and apologizing profusely, he threw his hat in the rack, sat down in the other half of my section, and proceeded to while away the weary hours.

News travels swiftly in the Elba district, apparently for some casual remarks that Mr. Brown let fall. I think that my life history in so far as it relates to my stay in Elba is fairly well known to him. He was very kind about his own affairs, told me in the first half hour that his mother had been left a widow thirty years ago, and that with her five small children she had come West and taken up a homestead. He did not say very much about the inevitable hardships, but he did tell me that last winter he took his mother "back East among her folks and gave her a rattling good time."

Here he chuckled.

"You should have seen Mother at a picture show. I took her to the wildcat Wild West one I could find, and I'll bet she liked it, though she did pretend to be shocked. What troubled her most was the cowgirl with red poppies in her hair and red slaps. She wouldn't go to sleep that night until I swore on my honour that there weren't no cowgirls round about Brownsville. You know what mothers are like."

At this interesting point the newsboy came along, so I let his wares.

"Winnipeg Free Press, Tribune, and Telegram." All about the big fire in a shoe factory—five hundred socks lost.

"Were the Gypses burned too?" asked Mr. Brown.

The boy grinned appreciatively.

"Says, son," queried my escort, "have you got anything good to eat?"

"Peppermint, peppermint, chewing gum, and caramels. Regular piece twenty-five cents per package, but ten cents seeing it's you."

"Guess I'll have some gum," said Mr. Brown. "I've been telling the story of my life to this here young lady, and it's dry work." Then he turned to me. "You don't chew, I suppose?"

"Why, no," I replied; "but don't let me keep you from it."

So he bought a package of gum for himself and began to chew, and a magazine for me. Talk about Auntie's yellow Journalism, that magazine was burnt orange!

Mary met me at the station and did not show the surprise she must have felt when I introduced Mr. Brown.

"I'll see you later," that gentleman announced as he picked up his bags. "What did you say your address was?"

I had not said that I so much as had an address, but Mary had already broke in with, "314 Collegiate Avenue, Elton, never remembers numbers, so it's lucky that I am here to tell you the right one."

I could have shaken her, but of course she did not know at that time how Mr. Brown had happened to be with me. And when I told her, that night in the privacy of my bedroom, she threw herself face down on the bed and laughed until I began to think that she was hysterical.

"I cannot see anything so very funny," I objected at last.

"Elinor," she said, when she could speak without laughing, "I should never have suspected you of such a thing." To think that any well-bred English girl would so openly accuse me a misguided youth!

"Misguided youth!" I retorted. "He is thirty-seven—he told me so himself."

"Well, young or old, he has made money in his own way, no judge. His poor trusting mother!—and she was so sure that he was safe from all designing crooks!"

"Mary," I replied, with all the dignity I could muster, "if you do not trust my confidence with more respect, I will never tell you another secret."

This little threat made her swim for a time. But this afternoon, when a big box of roses came from the "Jack's," with the compliments of Jerry Brown, she told me that the red apples were in bloom and that she could lend me some invisible hairpins. I am very much afraid that Elinor Jeremiah—that is Mary's name for him. It is only in an emergency that she calls anyone by his or her proper name—will think it necessary to call and, much as I prefer to say it, I cannot answer for Mary's good behaviour if he does so. Ape cannot wither, nor custom slide, but infinite variety devotes to the enhancement of weak humanity.

The Arnolds have other guests at present—Mrs. Bingham and her five-year-old daughter Sunny, from a ranch near Carbon City, Alberta. Sunny and I fell in love with each other at sight, and this morning she came into my room before I was up to show me snapshots of her home and her dog and—fast but not least—her father and "Uncle Don."

We were in the midst of a very confidential chat regarding life on a ranch when Mrs. Bingham knocked at the door.

"Excuse me, Miss Eliot, but I have looked everywhere for Sunny, and Mary suggested that she might be here."

"I'll come in a minute, Mother," Sunny promised. "But I'm just telling Miss Eliot about the time David nearly killed Thomas a Becker when he was going to steal the chickens," and she went on with her story.

David is the dog, a fox-terrier, and Thomas a Becker is the cat.

"Was David called after the David who killed Goliath?" I asked when the story was finished.

"No," answered Sunny. "Uncle Don named him David Lloyd George 'cause he's the dickens of a fighter,' but we call him David for short."

WORLD HAPPENINGS BRIEFLY TOLD

The appointment of a permanent Canadian Trade Commissioner, to go with an assistant, to Russia, has been authorized.

The Vancouver Harbor Commission has been authorized to strengthen the Balmatye Pier sheds to carry grain conveyors.

The Government has endorsed a grant of \$68,965 to the province of Alberta "for the purpose of aiding and advancing the farming industry by instruction in agriculture."

The Government has curtailed the weekly close salmon fishing at Rivers Inlet, B.C., from midnight on Friday to 6 p.m. Sunday for the balance of the 1922 fishing season.

Because of the great loss of life and property by fire during the past decade, all citizens have been asked to observe October 9 as Fire Prevention Day.

Djengal Pasha, former Minister of Marine in the Turkish Unionist Government, chief of staff of the Afghan army, has been assassinated. Two Armenians are charged with the crime.

The reputation of the province of Quebec is not to be hurt by the recent declarations to the effect that imported cheese of inferior and dangerous quality had been sold on the British market, states Hon. J. A. Caron, Minister of Agriculture.

The late Sir John Edon's political private car, "Edonman" has been sold in Montreal to the Canadian Pacific Railway Company. The car was furnished throughout with the most modern and luxurious manner and originally cost over \$100,000.

Because of the political and religious unrest in Ireland, which has brought practically the whole of the industry there to a standstill, three manufacturers of Ananias, Ireland—Joseph Marshall, David McClelland and E. H. London—have come over to Canada with a view to an investigation that may duplicate Ireland's tax industry in the Dominion.

TO RETAIN GOOD HEALTH FOLLOW THIS ADVICE

Most important of all is proper attention to the bowels. Avoid constipation—its the health-killer of today. Harsh, gripping medicine is ruinous—beware of it. Best results, follow a remedy like Dr. Hamilton's Pills which relieve constiveness promptly and tone the bowels so that constipation becomes a thing of the past. No distress or inconvenience attends the use of Dr. Hamilton's Pills, which are famous for their mildness and efficiency. For headache, biliousness, indigestion and liver complaint, Dr. Hamilton's Pills are just what you need. Thousands maintain their health by regulating frequently with Dr. Hamilton's Pills. 25c all dealers or The Cataract House Co., Montreal.

THE REASON WHY ANAEMIA PREVAILS

The Strenuous Conditions of Life Today Responsible

Mothers who remark that girls today are more prone to anaemia than the girls of a generation ago, should look back at the surroundings in which they and their companions live. They would easily see the reason in life's altered circumstances today.

Now the school girl's life is more strenuous; her more numerous studies are a severe tax upon the system. Also, girls enter business soon after leaving school—at an age when they must need rest and outdoor life. Their womanly development is hampered by the stress of working hours, hurried and often scanty meals. Girls are more liable to bloodlessness today, but there is this consolation that this condition is now more easily remedied than in the years past. Such medicine as Dr. Williams' Pink Pills have helped thousands of weak, anemic girls and women, simply because they contain the elements necessary to enrich the blood which means good health and vitality.

This is proved by the statement of Miss Elbow Acker, Lake Placid, N.S., who says:—"I shall be glad if some other ailing girl will profit by my experience. With Dr. Williams' Pink Pills I was very much run down; my face was pale and there was dark circles under my eyes. My appetite was bad, and I had no ambition to do anything or go about. I had once before been helped by Dr. Williams' Pink Pills and decided to try them again. It proved a wise decision, for in less than two months I felt in every way better; had a splendid appetite, the tired feeling disappeared, and I can work with enjoyment. Naturally I think there is no better medicine for young girls than Dr. Williams' Pink Pills. I can't say enough for the value of Dr. Williams' Pink Pills through any dealer in medicine or they will be sent to you by mail at 50 cents a box or six boxes for \$2.50 by writing direct to The Dr. Williams' Medicine Co., Brockville, Ont.

GINGHAM IS REIGNING SUPREME ONCE MORE

The List of the Missing

Search for Missing Veterans During Peace Time

There is no stronger proof of the effects of the Great War upon those who were active participants than the never-ending list of ex-service men recorded as missing in peace time. The most general causes are those of men whose minds became blank—temporarily in most instances. Others become touched with wanderlust, while some of the missing were undoubtedly victims of lost attacks.

The information department of the Dominion Command, G.W.V.A., has no more difficult problem to handle than that of the missing. The results are small compared with other branches of the association's work, but the sum total of reunions ensuing from these efforts, reconciliations effected and information gleaned for relatives can best be measured in terms of human happiness.

The general method of procedure is first to circulate all commands and branches of the G.W.V.A.; notification of other agencies with whom the individual might come in contact; publication of particulars in "The Veteran," the official organ of the association; next, veteran organizations in other countries are notified, including The American Legion in the United States; the G.W.V.A. in Newfoundland; The British Legion in Great Britain (as well as the branches of the G.W.V.A.), the Returned Soldiers' and Sailors' Imperial League of Australia; Associations in New Zealand, South Africa, India and other British dependencies; France, Belgium and Italy. The extent of the search depends upon the circumstances surrounding the veteran who has disappeared.

The Friend of All Sufferers.—Dr. Thomas' Electric Oil is a valuable remedy to all those who suffer pain. It holds out hope to everyone and relieves it by stilling suffering everywhere. It is a liniment that has the blessing of half a continent. It is on sale everywhere and can be found wherever required for.

Could Not Eat

Constipation is caused by a torpid condition of the liver. Dozing with salts, castor oil, etc., to move the bowels, cannot afford more than temporary relief.

If you are to rid yourself of this ailment and the scores of annoying symptoms and diseases which come in its wake, it is necessary to get the liver right by such treatment as is suggested in this letter:

Mrs. Alvin Richards, R. R. No. 1, Seely's Bay, Ont., writes:

"For two years I was afflicted with indigestion, and in the morning when I got up my breath was bad. I had a poor appetite, and just felt like eating certain foods. I used many different medicines as a laxative without benefit, and the doctor's medicine did not help me at all. Finally I tried Dr. Chase's Kidney-Liver Pills, and found them better than anything I had ever tried. I can highly recommend them to anyone troubled with constipation or kidney troubles."

This clover is seven feet high

the fact of its growing to this
tremendous height practically

The big U. F. A. picnic at the
park last Wednesday was well
attended although the extreme
heat caused a great many to
come away before the affair was
over. All the events on the
programme were extremely
interesting and the committee
who had charge should feel that
they were very successful in
their first undertaking of the
kind. There is talk of making
the U. F. A. picnic an annual
affair a regular get-together
day to be held on July 1st. This
should be possible and every-
body should boost for their pic-
nic next year.

The town social held by the
Ladies Aid of the Presbyterian
church on the fine grounds at
Dr. Clarke's residence last Wed-

cess. The social was extremely
well patronized and those pres-
ent had a glorious time. The
community band under the
leadership of E. B. Shantz en-
livened the evening with a large
number of selections and the

grounds being profusely deco-
rated with flags and bunting
through the trees certainly add-
ed greatly to the enjoyment of
those present. The ladies are
certainly to be congratulated in
providing such a splendid eve-

A. G. STUDER

LUMBER

We have just unloaded two cars of excellent
B. C. Lumber, in dimensions: shiplap, boards, fin-
ish, etc.

If you intend to build, or doing some repair
work it will pay you to call on us. Wholesale lum-
ber prices are advancing but ours have not gone up.
The quality of our lumber and our prices will
interest you. Let us figure your bills.
